

# Wake Up!

[Intro]

Calling all you sons of God  
You who are called by His name  
The time has come to open your eyes  
The time has come for you to wake up

[Verse 1]

Calling all you sons of God  
You who are called by His name  
The time has come to open your eyes  
The time has come for you to wake up

Do not sleep through the hour  
Do not drift away  
Lift your head to the heavens  
It's time to watch and pray

[Chorus]

Wake up — all the saints of the living God  
Wake up — and receive power from up above  
Wake up — you who have a hope in your heart  
Wake up — and see the salvation of God

Wake up — oh, my soul  
Wake up — oh, my spirit  
Wake up — and get ready  
To see Jesus Christ

[Verse 2]

The trumpet of God is ready to go  
Are you ready to hear it?  
The Kingdom of God is going to come  
Are you gonna be in it?

Your flesh is weak, but your spirit is strong  
Look to Jesus to help you along  
Open your eyes, don't keep them closed for too long  
Soon it'll be time for you to get up

Too late for you to give up  
Jesus is calling you to wake up  
Wake up and see  
The awesome power of your God

[Chorus]

Wake up — all the saints of the living God  
Wake up — and receive power from up above  
Wake up — you who have a hope in your heart  
Wake up — and see the salvation of God

# Wake Up!

Wake up — oh, my soul  
Wake up — oh, my spirit  
Wake up — and get ready  
To see Jesus Christ

[Verse 3]

Calling now the Bride of Christ  
Make your garments clean and bright  
Trim your lamps and keep them burning  
Through the watches of the night

Keep the oil of His Spirit  
Burning deep within your heart  
For the midnight cry is coming  
And the wise will do their part

Do not wait until tomorrow  
Do not say there's plenty of time  
For the door will soon be opened  
And the King will claim what He calls Mine

[Pre-Chorus]

Wake up and watch  
Wake up and pray  
Wake up, don't let your heart grow cold  
Wake up and stand  
Wake up today  
The Lord is calling His people home

[Chorus]

Wake up — all the saints of the living God  
Wake up — and receive power from up above  
Wake up — you who have a hope in your heart  
Wake up — and see the salvation of God

Wake up — oh, my soul  
Wake up — oh, my spirit  
Wake up — and get ready  
To see Jesus Christ

[Bridge]

He may come like a thief in the night  
When the world is sleeping still  
He may come when they say peace and safety  
He may come according to His will

Blessed are the servants waiting  
With their lamps still burning bright

# Wake Up!

Blessed are the ones who are watching  
For the coming of Jesus Christ

So wake up  
Stay ready  
Hold on  
Stand steady

Wake up  
Stay faithful  
Look up  
He is able

[Breakdown]  
Wake up, wake up  
The Lord is near  
Wake up, wake up  
There's no time to fear

Wake up, wake up  
Let your light shine  
Wake up, wake up  
This is the time

[Final Chorus]  
Wake up — all the saints of the living God  
Wake up — and receive power from up above  
Wake up — you who have a hope in your heart  
Wake up — and see the salvation of God

Wake up — oh, my soul  
Wake up — oh, my spirit  
Wake up — and get ready  
To see Jesus Christ

[Outro]  
Calling all you sons of God  
You who are called by His name  
The time has come to open your eyes  
The time has come for you to wake up

Wake up  
Wake up  
Wake up  
And get ready  
To see Jesus Christ
