

Hope

[Intro]

Hope is a powerful thing within us
Hope gives us peace in the middle of the storm
Hope is the anchor that holds us steady
When the winds of this life blow hard and strong

[Verse 1]

Hope is in your heart
Hope fills your soul
Hope gives you peace, joy, and comfort
When the world feels cold

Without hope, you have nowhere to go
No light ahead, no place to stand
But my hope is in God, and in Him alone
And I place my life in His hands

[Pre-Chorus]

Hope gives me something to hold on to
When the hard times take control
When I give it all to God my Father
He restores my weary soul

[Chorus]

Hope, hope, hope, please stay in me
Hope, hope, hope, lift me up so I can see
The light at the end of the tunnel ahead
Silver linings through the clouds over me
Lord, I need hope to help me hold on
And keep my heart close to You
Hope, hope, hope, please stay in me
Until Your promises come true

[Verse 2]

Some hope for tomorrow
Some hope for today
Some hope for good health
That never fades away

Hope

Some hope for money
Some hope for wealth
Some hope for everything
They want and need themselves

But the only hope I'll ever need
Is the hope of salvation in me
The living hope You gave through Christ
Jesus, my Savior and King

[Pre-Chorus]
Hope in our Lord
Hope in what He says
Hope in the future
When our Lord shall come one day

Hope in the Father
Hope in His only Son
Hope for eternal life
For you and me and everyone

[Chorus]
Hope, hope, hope, please stay in me
Hope, hope, hope, lift me up so I can see
The light at the end of the tunnel ahead
Silver linings through the clouds over me
Lord, I need hope to help me hold on
And keep my heart close to You
Hope, hope, hope, please stay in me
Until Your promises come true

[Verse 3]
Hope is the power that guides us forward
Hope is the promise God gives today
Hope fills an empty soul with comfort
And leads the broken heart His way

It's the hope that lives within us
That points us to eternal life

Hope

Yes, the hope that God has given
Helps us stand and survive

[Bridge]

Hope in the Father
Hope in the Son
Comforted by the Spirit
Until the work is done

Hope is an anchor
Firm and sure
Through every trial
Your Word endures

Hope does not shame us
Hope will not fail
Your love is poured within our hearts
And Your Kingdom will prevail

[Verse 4]

You have the hope of salvation
A promise that will be kept
You can walk through devastation
With hope guiding every step

Keep your hope in the grace of God
Place your hope in His Son
Hope is a great gift from our Father
So we can know His work will be done

[Final Chorus]

Hope, hope, hope, please stay in me
Hope, hope, hope, lift me up so I can see
The light at the end of the tunnel ahead
Silver linings through the clouds over me
Lord, I need hope to help me hold on
And keep my heart close to You
Hope, hope, hope, please stay in me
Until Your promises come true

Hope

[Outro]

Hope in the Father

Hope in the Son

Hope in God's righteous plan

That soon will be done

Hope in the Kingdom

Hope that will change the world

Hope in eternal life

When God's glory is unfurled

Hope, hope, hope, please stay in me

Hope, hope, hope, set my spirit free

My hope is in God, and in Him alone

And His Kingdom is the hope of the world
