

# Fear Not

## [Verse 1]

When the trials of life  
Come up against you  
When the world around you  
Seems to fall apart  
When your hope for the future  
Starts to fade away  
The Lord God Almighty says  
Fear not

## [Chorus]

Fear not, Jesus will protect you  
Fear not, He will see you through  
Fear not, when everything's heavy on you  
Fear not, God is watching over you

Fear not, you will overcome  
Fear not, the battle can be won  
Fear not, when the night feels long  
Fear not, in the Lord be strong

## [Verse 2]

When trouble and turmoil  
Makes you suffer  
When it seems like there's  
Nowhere you can turn  
When the lessons of life  
Seem too hard to learn  
The Lord God Almighty says  
Fear not

## [Pre-Chorus]

Fear not, all ye people  
Witness the mighty hand of our Lord  
Fear not, all ye servants  
Of the risen Lord

## [Chorus]

Fear not, Jesus will protect you  
Fear not, He will see you through  
Fear not, when everything's heavy on you  
Fear not, God is watching over you

Fear not, you will overcome  
Fear not, the battle can be won  
Fear not, when the night feels long  
Fear not, in the Lord be strong

# Fear Not

## [Verse 3]

If you walk through this world  
With no direction  
And you fall down and think  
You can't get back up  
Set your eyes toward heaven  
And just remember  
That Jesus said  
Fear not

## [Bridge]

Though the storm may rage around me  
Though the darkness hides the day  
I will lift my eyes to heaven  
I will trust, I will pray  
For the Lord is my defender  
He is faithful, He is near  
And when Jesus lives within me  
He will drive away my fear

## [Breakdown / Repeating Hook]

Fear not, fear not, fear not, I say  
Just remember our Lord Jesus  
Will always find a way  
Fear not, fear not, fear not, you know  
With Jesus Christ within me  
He will make all my fear go

## [Verse 4]

With all the heartache and the sadness  
That a single life can bring  
There's a never-ending turmoil  
If you live without the King  
So clothe yourself in Jesus  
Let His peace rise up and sing  
For the Lord God Almighty says  
Fear not

## [Chorus]

Fear not, Jesus will protect you  
Fear not, He will see you through  
Fear not, when everything's heavy on you  
Fear not, God is watching over you

Fear not, you will overcome  
Fear not, the battle can be won
