

Abandon Sin

You must abandon sin
In your life
You must abandon sin
And do what's right
You must abandon sin
You must abandon sin
You must fight

Abandon sin, abandon sin
And sin will go away
And it will all be OK
All the things you do
And all you think and say
Sin changes your life
As times come your way

Abandon sin, Abandon sin

Admit to the fact that
you already have troubles
as you always need to know
You just can't let sin
Take control
But with patience
And endurance, we learn to grow

Abandon sin, abandon sin cleanse your life from within
Abandon sin, abandon sin with Christ you will always win
Abandon sin, abandon sin live the best life you can

Abandon sin, Abandon sin, Abandon sin
Pray to God and let Him in.
Abandon sin, Abandon sin, Abandon sin
Jesus Christ will send the Spirit to guide you
From within to help you to Abandon sin
Abandon sin, Abandon sin, Abandon sin

Abandon Sin

Tests and trials will mature us
Even though it feels bad
Even though it hurts us
We should count it all joy
But we should never let
Sin in when trials and troubles come by

Abandon sin, abandon sin

When you abandon sin
In your life
God will teach you how to do
What's right

When you abandon sin
In your life
You must pray to God the Father
In the name of Jesus Christ

Ask Christ to strengthen you
And you can do all things
Abandon sin right now
Ask Jesus to help you now
And that you learn to abandon sin
Jesus, please teach me how

Abandon sin, abandon sin cleanse your life from within
Abandon sin, abandon sin with Christ you will always win
Abandon sin, abandon sin live the best life you can

Abandon sin, Abandon sin, Abandon sin
Pray to God and let Him in.
Abandon sin, Abandon sin, Abandon sin

Jesus Christ will send the Spirit to guide you
From within to help you to Abandon sin
Abandon sin, Abandon sin, Abandon sin

Abandon Sin

Jesus Christ is the only way
To truly abandon sin
Believe in Him and let Him in
His blood will take away
Your sin
But from now, it's up to you
To abandon sin
With Him

Abandon sin, abandon sin

Jesus will help you when
Times get hard
If you call out to the Father
And ask Him in Christ's name
To help you abandon sin today

Abandon sin, abandon sin cleanse your life from within
Abandon sin, abandon sin with Christ you will always win
Abandon sin, abandon sin live the best life you can

Abandon sin, Abandon sin, Abandon sin
Pray to God and let Him in.
Abandon sin, Abandon sin, Abandon sin

Jesus Christ will send the Spirit to guide you
From within to help you to Abandon sin
Abandon sin, Abandon sin, Abandon sin

Sin is the transgression
Of God's law
And it separates you from the Father
Our sin is the reason We all die
Even though you abandon sin
God will raise you up again
And He will judge you
For your sin

Abandon Sin

Abandon sin, abandon sin cleanse your life from within
Abandon sin, abandon sin with Christ you will always win
Abandon sin, abandon sin live the best life you can

Abandon sin, Abandon sin, Abandon sin
Pray to God and let Him in.
Abandon sin, Abandon sin, Abandon sin

The devil always want you to fail
He puts things and thoughts in your way
He wants you to sin and curse God for real
He is the father of lies
He is the one who accuses you
If you resist him, he will run away from you.

You fight the battle with the armor of God
And God will be your defender as long as you
Abandon sin
