

Be With Me Where I Am

[Verse 1]

Be with me where I am, Lord
Be with me where I am
I'm lost without Your love, Lord
Be with me where I am

I said, I'm lost without Your love
Don't ever turn away
Be with me where I am, Lord
And I will never go astray

Help me to be a better person
Help me to learn how to love
Help me to love my neighbor as myself
With the love sent from above

[Chorus]

You are God, and You are love
Be with me where I am, Lord
And guide me from above
Be with me where I am, Lord
And fill me with Your love

Be with me where I am, oh Lord
Be with me where I am, I say
Be with me where I am, oh Lord
Help me be a better me today

[Verse 2]

Be with me where I am, oh Lord
Be with me where I am
You are my Lord and Savior
You are the true Son of Man

I was lost when You found me
I was broken, so You fixed me
Sin was holding me in chains of bondage
Then You came along and set me free

Be With Me Where I Am

Your holy blood was there to cleanse me
And wash away my sin from within
Be with me where I am, Lord
And never let those chains return again

[Chorus]

Be with me where I am, Lord
And I will do the best I can
Be with me where I am, Lord
And cleanse me from within

Be with me where I am, Lord
And teach me how to love
Be with me where I am, Lord
And send Your Spirit from above

[Secondary Hook]

Be with me, my Lord
Be with me where I am
Be with me, my Lord
Help me do the best that I can

Oh, Lord God Almighty
Be with me where I am
Oh, Lord God Almighty
Please take me by the hand

[Verse 3]

You are there for me when I need You
You are there for me when I call out to You
You are there for me, and I believe
I believe that it is true

I've been trying to be a better person
I've been trying to live a better life
As I progress toward a life that is perfect
You're the only One who can really
Teach me to do what's absolutely right

[Bridge — Added]

Be With Me Where I Am

Meet me in my weakness
Meet me when I fall
Stay beside me, Lord
And help me through it all

You know where I've come from
You know who I can be
Be with me where I am, Lord
And bring out the best in me

[Final Chorus]

Be with me where I am, oh Lord
And I will always do the best I can
Be with me where I am, oh Lord
Yes, be with me where I am

You are my Lord and Savior
You are my High Priest and my King
Be with me where I am, Lord
Through everything that life may bring

[Outro]

Be with me, my Lord
Be with me where I am
Be with me, my Lord
Help me do the best that I can

Oh, Lord God Almighty
Be with me where I am
Be with me where I am, Lord
And always hold my hand
