

Come Out of the Shadows

[Intro]

Come out of the shadows
Into the glorious light of the Lord
Come out of the shadows
And your life will be restored

The darkness around you
Will soon melt away
Come out of the shadows
Into a glorious new day

[Verse 1]

The Light of the world
Is Jesus Christ
Just fix your eyes on Him
Every day of your life

He is the bright Morning Star
Who guides you on your way
The brightness of His glory
Will shine upon your day

[Pre-Chorus]

You don't have to wander
You don't have to hide
The arms of your Savior
Are open wide

[Chorus]

Come out of the shadows
Come out of the dark
Come out of the shadows
And open up your heart

Come out of the shadows
He still loves who you are
He will welcome you with open arms
No matter where you are

Leave the night behind
Step into the light
Come out of the shadows
And let His glory shine

[Post-Chorus]

Come Out of the Shadows

Come out of the shadows, oh lonely one
In His Kingdom you will shine
Come out of the shadows, oh faithful one
Leave the darkness far behind

[Verse 2]

The sinner does his deeds in darkness
Hoping no one sees
Turning from the Holy One
And hiding what he's done

He tries to cover every wrong
And bury every sign
But nothing stays concealed forever
Before the eyes divine

The heart of man is deceitful
And turns away from truth
But Jesus came to call him home
And make his spirit new

[Pre-Chorus]

You don't have to cover
The things that you have done
Bring them to the Savior
And forgiveness will come

[Chorus]

Come out of the shadows
Come out of the dark
Come out of the shadows
And open up your heart

Come out of the shadows
He still loves who you are
He will welcome you with open arms
No matter where you are

Leave the night behind
Step into the light
Come out of the shadows
And let His glory shine

[Verse 3]

To those who humble themselves
And come before the Lord

Come Out of the Shadows

With sorrow for the life they lived
And faith within His Word

God will lift them from the ground
And wash their sins away
He will call them sons and daughters
And lead them in His way

When you let Jesus into your life
Your heart can melt like snow
His living water washes clean
And makes your spirit whole

Come into the Church of the Firstborn
The family of our God
The General Assembly of Heaven
The holy people of the Lord

[Bridge]

All people must learn
All people must see
The glory of God
And Jesus Christ in me

It's easy to hide
And let no one in
But Jesus is calling:
"Come away from your sin"

Come out, come out
He is calling your name
Come out, come out
You don't have to remain

Come out of the shadows
The old life is gone
Come out of the shadows
And walk with God's Son

[Final Chorus]

Come out of the shadows
Come out of the dark
Come out of the shadows
And open up your heart

Come out of the shadows
He still loves who you are

Come Out of the Shadows

He will welcome you with open arms
No matter where you are

Leave the night behind
Step into the light
Come out of the shadows
And let His glory shine

[Outro]

Come out of the shadows
Into the glorious light of the Lord
Come out of the shadows
And your life will be restored

The darkness around you
Will soon melt away
Come out of the shadows
Into a glorious new day

[End]
