

MOUNTAIN MOVERS

[Instrumental Intro – distant piano, heartbeat drum, rising guitar and choir]

[Verse 1]

Everybody has a mountain
Standing somewhere in the way
Family trouble, failing health
The bills we cannot pay
A job is lost, a heart is broken
Fear clouds up the day
But no mountain is too mighty
For Jesus Christ will make a way

[Pre-Chorus]

Faith is not pretending
That the trouble isn't real
Faith is trusting in the Savior
Even when we cannot feel

[Chorus]

We are mountain movers
With a mustard seed of faith
Not by strength or human power
Jesus Christ will make a way
Mountain, you can't hold us
You can't keep God's children bound
When we pray, believe, and follow
Every stronghold's coming down

[Hook]

Mountain movers! Mountain movers!
We walk by faith, not sight
Mountain movers! Mountain movers!
Through the power of Jesus Christ
Little seed, great big God
Watch that mountain move
Little seed, great big God
There is nothing He can't do

MOUNTAIN MOVERS

Through the name of Jesus Christ
Theres no mountain we can't move

[Verse 2]

Satan stacks the stones of worry
Says, "You'll never be set free"
Turns your pain into a prison
Then he calls it destiny
But the truth will break his lies
And the light will lead us home
Jesus breaks the chains around us
We will never walk alone

[Pre-Chorus 2]

Don't keep staring at the mountain
Lift your eyes to Jesus Christ
Though the mountain may be mighty
It must bow before His might

Through the name of Jesus Christ
Theres no mountain we can't move

[Chorus]

We are mountain movers
With a mustard seed of faith
Not by strength or human power
Jesus Christ will make a way
Mountain, you can't hold us
You can't keep God's children bound
When we pray, believe, and follow
Every stronghold's coming down

[Short Hook]

Mountain movers! Mountain movers!
We walk by faith, not sight
Little seed, great big God
Watch that mountain move, out of sight

Through the name of Jesus Christ

MOUNTAIN MOVERS

Theres no mountain we can't move

[Bridge]

Word by word and prayer by prayer

Let that little seed take root there

Step by step keep trusting Jesus

Watch what living faith can do

He can move it and lead you through

Give you strength enough to climb

No mountain stands forever

Before the Lord Most High

He will bless your every endeavor

[Final Chorus]

We are mountain movers

Moving mountains every day

Every trial that we face

Jesus Christ will make a way

Mountain, you can't hold us

You can't keep God's children bound

Little seed, great big God

Watch that mountain tumble down

[Final Hook – choir and full band]

Mountain movers! Mountain movers!

We walk by faith, not sight

Mountain movers! Mountain movers!

Through the power of Jesus Christ

Little seed, great big God

Watch that mountain move

Little seed, great big God

There is nothing He can't do

Through the name of Jesus Christ

Theres no mountain we can't move

[Instrumental Finale – soaring guitar, full drums, choir repeating “Mountain movers,” then a clean, victorious ending] [End]
