

Open My Heart and Help Me to Love

[Instrumental]

[Intro]

Open my heart and help me to love
With a love from up above
Open my heart and help me to love
Fill my heart with Your divine love

[Verse 1]

Help me to be kindhearted and soft
Help me to love, Lord, help me to love
Open my heart so I can better serve You
And better love You in all that I do

Open my eyes; show me Your love
Fill my heart with Your divine love
Help me to know what I should do
Help me to draw much closer to You

[Pre-Chorus]

Ah-GAH-pay love is the way to truly love
A love that only comes from You above

[Chorus]

Open my heart and help me to love
With Your glorious love from above
Warm my heart, fill every part
With Your true ah-GAH-pay love

Open my eyes; show me what to do
Help me draw much closer to You
Open my heart and help me to love
The way You first loved me

[Verse 2]

I fight evil thoughts all the time
I fight to keep them out of my mind
If I am to truly love my neighbor
I need to see him in me

And me in him—Lord, help me see
That is where true love begins

Open My Heart and Help Me to Love

Soften my heart and let kindness in
Open my heart and help me to love

[Chorus]

Open my heart and help me to love
With Your glorious love from above
Warm my heart, fill every part
With Your true ah-GAH-pay love

Open my eyes; show me what to do
Help me draw much closer to You
Open my heart and help me to love
The way You first loved me

[Verse 3]

Ah-GAH-pay love knows no bounds
It keeps no record of wrongs
Ah-GAH-pay love can heal a broken world
It is patient, gentle, and strong

When Jesus comes, the whole world will learn
The only way to truly love
Is to open our hearts and fill them up
With the love that comes from above

[Bridge – Part 1]

Our Lord traveled through the countryside
Teaching about eternal life
Feeding the people, healing the people
Showing them the Father's light

Then He paid the price for sin
When He gave His life and died
He lay in the grave three days and nights
Just as He had prophesied

[Bridge – Part 2: Rising]

But then the Spirit of Life raised Him
He opened His eyes—alive again
An angel came and rolled away
The heavy stone from the grave

He walked out alive, restored to glory
The Word of God with God above

Open My Heart and Help Me to Love

He gave His life because He loved us
With true ah-GAH-pay love

[Final Chorus]

Open my heart and help me to love
With Your glorious love from above
Warm my heart, fill every part
With Your true ah-GAH-pay love

Open my eyes; show me what to do
Help me draw much closer to You
Open my heart and help me to love
The way You first loved me

[Outro]

Open my heart and help me to love
Like Jesus loved
Open my heart and help me to love
With true ah-GAH-pay love

Open my heart and help me to love
Open my heart and help me to love
My Lord, please open my heart
And help me to love

[Instrumental Outro]

[End]
