

Step By Step, Day By Day

[Instrumental Intro – distant piano, heartbeat drum, rising guitar and choir]

Step by step, Day by day

We all move along the way

Without a care in the world, some might say

There will never be a better day than today

Ask Jesus in your heart, take the right step today

Jesus You are our Lord and King

You possess all thing

The Father God gave it all to you

That's why, step by step I'll follow you

Step by step, I follow You

Step by step, I wanna be more like You

Day by day, oh please Lord make a way

Day by day, I wanna see more of Jesus in me every day.

Step by step, Day by day

Learn to be like Jesus every day

Day by day I try to change

The things that keeps me from getting closer to You

Hour by hour and minute by minute

I give up my life just to Have You in it

Every day, all the way
