

May God Be with You

[Instrumental Intro]

[Verse 1]

Each one of us are alone in our own heads
No one understands us, the way we truly are
We look for love
We look to give someone our love
Most just live to survive, not knowing why they're alive
Some are in need of joy from others just to feel right

[Chorus]

May God be with you every day
May God be with you in all you do and say
May God be with you in everywhere you go
May God be with you as you are on your way

[Hook]

May God be with you May God be with you
May God be with you May God be with you
May God be with us in everything
May God be with you and also with me

[Verse 2]

All the time we try to live a good life
But when good just ain't good enough
You need to look to Gods great love
You pray to God to fill you with
His goodness, His mercy and His grace
So, you can be with God everyday

[Chorus]

May God be with you in your life
May God be with you to teach you right
May God be with you every day and night
May God be with you as your guiding light

[Hook]

May God be with you May God be with you
May God be with you May God be with you
May God help us all to believe
May God be with you and also with me

May God Be with You

[Prayer]

I pray that God will be with you and me every day
I pray that we lean Gods way
I pray that God will show us Christ
I pray that Christ will be in your life

[Instrumental solo]

[Verse 3]

We all need God whether we know it or not
We should all pray and thank him for what we've got.
Without God they'd be nothing to hear, nothing to see
Not another breath not another heartbeat
No longer will we have a need
Because without God you simply would not be

[Chorus]

May God be with you in the way you think
May God be with you in the way that you talk
May God be with you in what you wanna be
May God be with you and may Jesus Christ be your king

[Hook]

May God be with you May God be with you
May God be with you May God be with you
May God help us all to believe
May God be with you and also with me

[Bridge]

Yes, you have to do your part
And let Jesus into your heart every day
let Jesus into your life in all you do and say

[Verse 3]

Every day of your life you keep wondering why you are here
Every day of your life you keep wondering if Jesus is truly here
There is a time you must decide you cant just run and hide
You gotta let Jesus into your heart and into your life
Then God will be with you like God is with me.

May God Be with You

[Refrain]

Theres no other way, Jesus is the way
He is the only way, I say
You need Jesus guiding you
You need Jesus inside of you
And then God will truly be with you all the way
Now you know to turn to Jesus today

[Chorus]

May God be with you my dear friend
May God be with you in until the end
May God be with you in in your thoughts and in your heart
May God be with you and may Jesus Christ be your guiding star

[Hook]

May God be with you May God be with you
May God be with you May God be with you
May God help us all to see
May God be with you and also with me

[Outro]

When you have our great God as a friend
God will be with you and on that you can depend
He will guide you and protect you
And he will do all that He can do
To always be with you.

[Final Hook]

May God be with you May God be with you
May God be with you May God be with you
May God be with you and also with me
May God be with you
May God be with you and also with me
Because we both truly do believe
May God be with you May God be with you

[Instrumental Outro]

[End]
