

Precious Love

[Verse 1]

Precious love, deep in my heart
I give all my precious love to you
Oh, precious love, oh, precious love
My precious love is you
There's no other love
You are my one and only true love
My precious love

[Hook]

All the gold and diamonds in the world
Could never equal how I cherish you
There is no price high enough
To measure our forever love

[Chorus]

Oh, precious love, oh, precious love
No treasure could ever be enough
To make me ever give you up
You are my precious love
You are worth more to me
Than all I have and all I am
You are more than I could ever want
I give all my love to you
My precious love

[Verse 2]

Precious love is what we all want
The precious love of someone
Who sees us for who we are
And loves us just the same
The kind of precious love
That reaches deep within the heart
The kind of precious love
That can only come from God above

[Hook]

All the gold and diamonds in the world
Could never equal how I cherish you
There is no price high enough
To measure our forever love

[Chorus]

Oh, precious love, oh, precious love
No treasure could ever be enough
To make me ever give you up
You are my precious love
You are worth more to me
Than all I have and all I am

Precious Love

You are more than I could ever want
I give all my love to you
My precious love

[Verse 3]

All there is in the universe
And all that lies beyond
The value of it all
Could never equal what you're worth
Oh, my precious love
There's no other love
You are my one and only true love
My precious love

[Verse 4]

My heart is open and ready
To give it all to you
Oh, precious love
I belong to you
Everything that makes me, me
And all the love I have in me
Every dream my heart can dream
I give it all to you

[Bridge]

I was all alone
And my heart had no home
I prayed and prayed
Day after day
That God would bring me
Someone like you
Someone I could give
My whole heart to
Now I know my prayer came true
My precious love
God gave me you

[Hook]

All the gold and diamonds in the world
Could never equal how I cherish you
There is no price high enough
To measure our forever love
[Final Chorus]
Oh, precious love, oh, precious love
No treasure could ever be enough
To make me ever give you up
You are my precious love
You are worth more to me
Than all I have and all I am

Precious Love

You are more than I could ever want
I give my heart, I give my life
I give all my love to you
My precious love

[Outro]
You are my treasure
You are my forever
You are my one and only true love
My precious love
My heart has finally found its home
God heard every prayer I prayed
And brought my precious love to me
Oh, my precious love
My forever love
My precious love
