

God Cares

[Intro]

God cares for you
God cares for me
Even when I cannot see
God cares for everyone
God cares for your eternal life
My Father watches over me

[Verse 1]

God feeds the birds that cross the sky
He gives them all they need to fly
He clothes the flowers of the field
In beauty no one else can build

If God takes care of all of these
The birds, the flowers, and the trees
Then surely, I can trust His hand
Although I may not understand

[Refrain]

God cares, God cares, God cares, for everyone
That's why He gave us His only Son
God cares, God cares, God cares, for you and me
Eternal life is our destiny

[Chorus]

God cares about your sorrow
God cares about your pain
God cares when you are weary
And struggling once again
Lay every burden down
You do not walk alone
God cares for every child
He calls His very own

[Hook]

God cares for you
God cares for me
Even when I cannot see
God cares for everyone
God cares for your eternal life
My Father watches over me

God Cares

[Verse 2]

He does not promise cloudless skies
Or days when tears won't fill our eyes
But He has promised He will stay
And give us strength along the way

The trials may refine our faith
And teach us how to watch and wait
What hurts today may help us grow
In ways that only God can know

[Refrain]

God cares, God cares, God cares, for everyone
That's why He gave us His only Son
God cares, God cares, God cares, for you and me
Eternal life is our destiny

[Chorus]

God cares about your sorrow
God cares about your pain
God cares when you are weary
And struggling once again
Lay every burden down
You do not walk alone
God cares for every child
He calls His very own

[Bridge]

Cast all your cares upon the Lord
And trust the promise of His Word
The Father knows the road you take
And will not leave you or forsake
He gives us comfort through His Son
And strength until the race is won
When burdens crush us past our strength
His faithful care will never end

[Refrain]

God cares, God cares, God cares, for everyone
That's why He gave us His only Son
God cares, God cares, God cares, for you and me
Eternal life is our destiny

God Cares

[Final Chorus]

God cares about your sorrow
God cares about your pain
God cares when you are weary
And struggling once again
Lay every burden down
You do not walk alone
God cares for every child
He calls His very own

[Hook]

God cares for you
God cares for me
Even when I cannot see
God cares for everyone
God cares for your eternal life
My Father watches over me

[Outro]

He sees your tears
He knows your name
God knows you
And He really truly does care
