

I Wanna Make a Difference

I wanna make a difference
Where I am
I wanna make a difference
In this world we all live in

Guide my head
Guide my heart and show me
What I'm mean to be, because
I wanna make a difference in
In this world where there's a need

wanna make a difference
wanna make a difference, right now
wanna make a difference, please show me how
To make a difference in this land

This world will quickly fade away
There will be no place to hide
This time will quickly come to an end

I wanna reach out and make a friend
And make a difference in their life.
Ease their burden by showing the Christ

If you wanna stay alive
If you're looking to survive
You know you have to find a way
To make a difference
In your own life today

I wanna make a difference
I wanna take a stand
I wanna make a difference
I'll do all that I can

I Wanna Make a Difference

I wanna make a difference
And win some souls for Christ
I wanna make a difference
I wanna change somebody's life

wanna make a difference
wanna make a difference, right now
wanna make a difference, please show me how
To make a difference in this land

This world will quickly fade away
There will be no place to hide
This time will quickly come to an end

I wanna reach out and make a friend
And make a difference in someone's life.

The truth of God will set us free
The power of Christ inside of me
Makes me wanna take a stand
Makes me wanna take tour hand

I wanna make a difference
I wanna take a stand
I wanna make a difference
I'll do all that I can

wanna make a difference
wanna make a difference, right now
wanna make a difference, please show me how
To make a difference in this land

wanna make a difference
I'm reaching out my hand
