

# The Way

Stand tall or else you fall

Turn around and go the other way

Learn how to walk the walk

Learn how to walk in The Way, that leads to life.

Let Christ in to guide you every day

Jesus is The Way,

It's easy to trip and stumble along the way

It's easy to just lay back and not really care

It's easy to ignore the God who is always there

It's easy to fall a prey if not on The Way

Christ is the Way

Which way, this way?

Which way, that way?

Which way, The Way?

Which way? God's Way.

The Way of God, The Way of Christ

The Way to live,

The Way to eternal life.

There's no time left to sleep or

Lose your way, there's no turning back.

Keep movin' on The Way

Need to learn The Way

The Way of Jesus Christ.

Jesus is The Way, the Truth and the Life

# The Way

He will make it all turn out right

If you let Him in your life, He will show you His Way

Just ask Him when you pray, to show you The Way

Turn to Him for a blessing

He won't turn you away

As He reaches out to lift you up

And then you hear Him say

Stand tall — I won't let you fall

Follow Me and walk My Way

It's easy to trip and stumble along the way

It's easy to just lay back and not really care

It's easy to ignore the God who is always there

It's easy to fall a prey if not on The Way

Christ is the Way

Which way, this way?

Which way, that way?

Which way, The Way?

Which way? God's Way.

The Way of God, The Way of Christ

The Way to live,

The Way to eternal life.

Because He died for you

And now He lives for you

That means He cares for you

# The Way

and now He lives for you to hold you up  
and He helps you through all you have to do  
as you live your life on The Way.

Jesus is The Way
