

Run to Win

Keep in the right lane.
Stay on course.
To make it to the finish line,
Gotta control your thoughts.

Gotta run to win.
Run to finish the race.
Never give up,
And keep a steady pace.

Keeping your eyes on the cross,
Although the road is narrow,
You won't never be lost.

Listen to the voice of your Heavenly Coach.
He teaches you the way that you need to go.

Run to win, run to win
And you will be with Him
Run to win, run to win
Start now, work out to win
Pray now to him

If you're feeling weary and you're wanting to quit,
You'll keep on making it to the end.
You'll know you're making it.

When you cross the finish line
& get your crown of joy,
And all the pain & suffering
Melts away (it melts away).

You'll be welcomed by the King,
And we will all sing

Run to Win

The victory song,
And you will end up where you belong.

So keep in the right lane.
Stay on course.
You will make it to the King's love.
You will obtain eternal life.

Keep in the right lane.
Stay on course.
To make it to the finish line,
Gotta control your thoughts.

Gotta run to win.
Run to finish the race.
Never give up,
And keep a steady pace.
