[Verse 1 – How They Change My Life]

If I walk the walk
Staying on the way
Let the Holy Spirit
Guide me every day
He will change my mind
He will change my heart
He will make me stronger
When the trials start

Fill my heart with joy
And peace in every way
Give me self-control
With every choice I make
Let me be gentle
In my speech and in my heart
Oh Holy Spirit, I love
Who You are

[Pre-Chorus]

The vine dresser is
The Lord our God
He prunes my mind
And He prunes my heart
He helps me to change
Who I am
And the fruits of the Spirit
Will come from God

[Chorus]

I want those fruits
I want those fruits
I want those fruits of the Spirit
Oh Lord, my God, I know You hear it
When I ask You for those
Fruits of the Spirit

Fruits

I want Your love
I want Your joy
I want Your peace living in me
Make my life a light
For the whole world to see
I want those fruits
Those fruits of the Spirit in me

[Hook]

Love, joy, peace
Patience and kindness
Goodness and faithfulness
Growing inside us
Gentleness and self-control
Lord, let everybody know
These are the fruits
The fruits of the Spirit

[Verse 2 – How They Draw Me Closer to God]

If I learn to love
And fear You, Lord
I will hunger for Your presence
More and more
Teach me to listen
Teach me to pray
Help me walk beside You
Every day

You are faithful
Help me to be faithful
You work all the time
To help me to be good
When I wait upon You
Oh Holy One
Your Spirit reminds me
That I belong to you Lord Jesus Christ

[Pre-Chorus]

[Verse 3 – How They Change My Relationship with My Neighbor]

Teach me how to love
My neighbor as myself
Help me lift the fallen
And offer them my help
Let kindness fill my heart
In everything I do
Let the love I give away
Lead them back to You

Help me to be patient
Help me to forgive
Help me show Your goodness
In the way I live

Fruits

Let me speak with gentleness
And bring peace where I go
Let the fruits of the Spirit
Be the love the whole world knows

[Bridge]

Let them grow in me
Let them flow through me
Let every word I speak
Show Your Spirit lives in me

Let them grow in us
Until the whole world sees
The love of Jesus Christ in me
Changing everything
Thru the power of the King.

Make us hungry
Make us thirsty
For the life You want us to live
Holy Spirit, come and fill us
With every fruit that You can give

[Final Chorus]

We want those fruits
We want those fruits
We want those fruits of the Spirit
Oh Lord, our God, we know You hear it
When we ask You for those
Fruits of the Spirit

We want Your love
We want Your joy
We want Your peace living in us
Make our lives a light
For the whole world to see
We want those fruits
Those fruits of the Spirit in us

The fruits of the Spirit
