

In Christ We Are Fearless

[Intro]

In Christ we are fearless
We stand within His light
In Christ we are fearless
Through the power of Jesus Christ

In Christ we are fearless
Whatever comes our way
We put our trust in Jesus
And He will make a way

[Verse 1]

You cover us with Your forgiveness
So we can stand before You
Clothed in righteousness
Not by our own actions
Not by what we've done
But through the precious blood
Of Jesus Christ, Your Son

[Pre-Chorus]

He died to set us free
He rose to be our King
He makes us part of His body
He takes away our sin
In Christ we are fearless
Because we trust in Him

[Chorus]

That's why
In Christ we are fearless
He tore down every fortress
Where Satan had bound us in sin

In Christ we are fearless
Because we know the Father loves us
His only Son, Jesus
Came to take away our sin
He will remember our sins no more

In Christ We Are Fearless

And we can start again
In Christ we are fearless

[Hook]

In Christ we are fearless, oh, oh, oh
In Christ we are fearless, oh, oh, oh
In Christ we are fearless
He sends us His love
Strengthening our hearts and minds
With power from above
That's why, oh, oh, oh
In Christ we are fearless

[Verse 2]

There is a time that is upon us
When this world will reach its end
There is nothing we can do
But on the Lord depend

The plan of God is moving
And His judgment will begin
He will purge the world of evil
He will cleanse the world of sin

[Pre-Chorus 2]

So fix your eyes on Jesus
Put all your trust in Him
No matter what may come upon us
In Christ we will win

[Chorus]

That's why
In Christ we are fearless
He tore down every fortress
Where Satan had bound us in sin

In Christ we are fearless
Because we know the Father loves us
His only Son, Jesus
Came to take away our sin

In Christ We Are Fearless

He will remember our sins no more
And we can start again
In Christ we are fearless

[Verse 3]

You help us fight the demons
That bring darkness to our lives
You strengthen both our arms
So we can stand and fight

Satan is like a lion
Prowling all around
He wants to devour us
But in Christ we stand our ground

We can face our own Goliath
We can face the bear and lion
Though the enemy may chase us
Jesus Christ has come to save us

All the demons try to scare us
But the Lord is always near us
That's why, oh, oh, oh
In Christ we are fearless

[Bridge]

Fix your eyes on Jesus
Open up your heart
Ask the Lord to come in
And give your life a brand-new start

You can be part of His body
You can be a part of Him
And as long as we stand together
In Christ we will win

We will stand, we will stand
We will never turn away
With our hearts and minds on Jesus
He will lead us all the way

In Christ We Are Fearless

[Final Chorus]

That's why
In Christ we are fearless
He tore down every fortress
Where Satan had bound us in sin

In Christ we are fearless
Because we know the Father loves us
His only Son, Jesus
Came to take away our sin
He will remember our sins no more
And we can start again
In Christ we are fearless

[Final Hook]

In Christ we are fearless, oh, oh, oh
In Christ we are fearless, oh, oh, oh
In Christ we are fearless
He sends us His love
Strengthening our hearts and minds
With power from above
That's why, oh, oh, oh
In Christ we are fearless

[Outro]

In Christ we are fearless
We will stand until the end
In Christ we are fearless
Our victory is in Him

In Christ we are fearless
Oh, oh, oh
In Christ we are fearless
Our victory is in Him

In Christ we are fearless
Our victory is in Him
